DR. SHAW AGAIN LEADS

Suffragists at Nashville Sustain the Administration

WHOLE TICKET IS ELECTED

Many Important Issues on Yesterday's Program

Nashville, Tenn., Nov. 17.—The entire administration ticket of the National American Woman Suffrage association, headed by Dr. Anna Howard Shaw of New York for president, was elected at the annual convention of the association here yesterday.

An expected contest over the question of jurisdiction of the national body over state associations with regard to federal legislation activity and consideration of a proposed declaration of policy were some of the matters expected for yesterday's session of the National American Woman Suffrage association. In addition the delegates planned to complete consideration of amendments to the constitution, decide on a budget for the coming year and pass on the report of the resolutions committee. Conferences among the leaders of the administration and anti-administration elements among the delegates, which began Sunday night, continued until long after midnight yesterday morning. One resolution to be acted upon is as follows:

Whereas, the rapidly increasing number of states granting suffrage, and the consequent crystallizing of women along non-partisan lines or into party activities makes a declaration of our policy as a national suffrage association necessary and expedient; therefore, be it

Resolved, That the National American Woman Suffrage association be absolutely opposed to holding any political party responsible for the opinions and acts of its individual members, or holding any individual responsible for the majority action of his party or suffrage.

GO TO PRISON.

Life Sentences for the Three Lawrence, Mass., Murderers.

Salem, Mass., Nov. 17.—Bedros Tardarian, Garabed Barabian and John Avdanian, all of Lawrence, Mass., were sentenced to life imprisonment yesterday, following a plea of guilty in the second degree for the murder of John K. Shamlin, a jewelry salesman, in Lawrence in February, 1913.

Sentence was pronounced by Judge Sanderson in the superior criminal court.

HAVE YOU A CHILD?

Many women long for children, but because of some curable physical derangement are deprived of this greatest of all happiness.

The women whose names follow were restored to normal health by Lydia E. Pinkham's Vegetable Compound. Write and ask them about it.

"I took your Compound and have a fine, strong baby."—Mrs. JOHN MITCHELL, Massena, N. Y.

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine for expectant mothers."—Mrs. A. M. MYERS, Gordonville, Mo.

"I highly recommend Lydia E. Pinkham's Vegetable Compound before child-birth, it has done so much for me."—Mrs. E. M. DOERR, R. 1, Conshohocken, Pa.

"I took Lydia E. Pinkham's Vegetable Compound to build up my system and have the dearest baby girl in the world."—Mrs. MOSE BLAKELEY, Imperial, Pa.

"I praise the Compound whenever I have a chance. It did so much for me before my little girl was born."—Mrs. E. W. SANDERS, Rowlesburg, W. Va.

"I took your Compound before baby was born and feel I owe my life to it."—Mrs. WISNIE TILLIS, Winter Haven, Florida.

ENGLAND NEEDS MORE MEN.

Task of Allies in Subduing Germany Is Still a Formidable One.

London, Nov. 17.—The Daily Mail's Petrograd correspondent warns the British people of the enormous task still facing the allies and declares that England will need all the troops that it is possible for her to raise. The correspondent points out that it will take months for the Russians to reach Berlin, saying that even if the Germans are driven from the positions they now are holding they can fall back on equally strong lines of defenses they have prepared. He says he hears that the Germans are setting the Russians a formidable task to break through and that before this is accomplished the Germans still may be able to send troops to France and Belgium.

CANAL TOLLS \$746,792.

Great Waterway Has So Far Cost \$353,559,049.

Washington, Nov. 17.—Total collections of tolls for passage through the Panama canal from the date of its opening to Nov. 1 amount to \$735,182, according to official advices received here. In addition \$11,610 was collected for the passages of barges through the canal before the waterway was opened to general traffic on Aug. 15, making the grand

CAUSED BY OVEREATING

Deficient gastric secretion, meaning a lack of the fluids necessary for digestion, is a prevalent condition. You may have it now and not know it because you are able to get along without actual discomfort even with your enfeebled digestion. But if you overeat—then you are in trouble. You have indigestion because you have given your weakened stomach too much to do. The deficient gastric secretion was what doctors call the predisposing cause, the overeating was the exciting cause. It is easy not to repeat the overeating but the predisposing cause must be corrected if you are to be well.

The secretions that digest the food come from glands that are nourished directly by the blood. When these secretions are insufficient the only way to restore their healthful condition is by building up the blood. This can be done by Dr. Williams' Pink Pills, the non-alcoholic tonic that assists nature in keeping the body in health. Proper attention to diet and the use of Dr. Williams' Pink Pills should be tried in cases of disordered digestion because it is the simple and natural way to correct the trouble.

total earned by the canal \$746,792. From Aug. 15 to Aug. 31 \$888,333 was collected; September yielded \$269,763, while October brought in \$377,086, showing an increase of 40 per cent over September. A monthly increase is expected to continue as shipping adapts itself more and more to the canal routes.

Following the admission of water to Culebra cut in October, 1913, dredging operations were substituted for the work of the steam shovels. By the dredges more than 3,000,000 cubic yards of rock and earth were removed at an average cost of \$0.5194 per yard. More than 2,000,000 cubic yards of this total were taken from the Cucuracha slide. Dredging operations have increased the activity of the Cucuracha slide and it now has an area of 44.1 acres in active motion and 13.8 acres quiet.

The report shows that the canal's cost, including the current appropriation, now stands at \$353,559,049.69. More than \$374,000,000 was appropriated. Of that amount more than \$12,000,000 was for fortifications.

The continued earth slides that checked the progress of the canal builders were described at length.

POISON FOUND.

Enough To Cause Death in Stomach of Mildred Sullivan.

Houlton, Me., Nov. 17.—Poison in sufficient quantity to have caused death was found by medical examiners in the stomach of Mildred Sullivan, the Houlton girl, alleged to have been murdered at Presque Isle on Sept. 4, according to information obtained yesterday from an authoritative source.

The medical examiner's report will not be made public until the trial, which probably will be held next month.

14,500 ALIENS INTERNEED.

Subjects of Hostile Nations Placed in Detention in England.

London, Nov. 17.—Speaking in the House of Commons yesterday afternoon, Home Secretary McKenna imparted the information that 14,500 alien enemies of Great Britain were yesterday interned in concentration camps in the British Isles. These were in addition to the prisoners taken in action, and the men removed from the merchant ships of the enemy. Mr. McKenna added that there were about 20,000 alien enemies still at large in England.

Lime Starvation Causes Tuberculosis

The Medical Record (New York) of December 18, 1909, contains an article on "The Treatment of Pulmonary Tuberculosis, Based on the Assumption That the Dietetic Cause of the Disease is Lime Starvation," by Dr. John F. Russell, who says: "The condition which is recognized as preceding the active development of tuberculosis in the adult may be considered as due to lime starvation. Among inorganic substances lime salts appear to be of special physiological importance. But if the salts are not in organic combination it is difficult to suppose that the cells can appropriate them for food."

Years of widespread use confirm us in the belief that the success of Eckman's Alternative in cases of pulmonary tuberculosis (consumption) and chronic throat and bronchial troubles is due in large measure to its content of lime, so combined with other ingredients as to be easily appropriated by the cells.

Doubtless this has had much to do with the results obtained in many cases of these affections, which appear to have yielded to Eckman's Alternative.

As it contains no opiates, narcotics or habit-forming drugs, it is safe to try. Your druggist will order it for you or you can send direct. Eckman Laboratory, Philadelphia.

Don't Merely "Stop" a Cough

Stop the Thing that Causes It and the Cough will Stop Itself

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a bad cough don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily by deadening the throat nerves. Treat the cause—kill the inflamed membranes. Here is a home-made remedy that gets right at the cause and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2½ ounces of Pinex (50 cents worth) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy you ever used, at a cost of only 54 cents. No bother to prepare. Full directions with Pinex.

It heals the inflamed membranes so gently and promptly that you wonder how it does it. Also loosens a dry, hoarse or tight cough and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of Norway pine extract, rich in vitamin, and is famous the world over for its healing effect on the membranes. To avoid disappointment, ask your druggist for "2½ ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. Topics of the Home and Household.

To clean rusty knitting needles, rub with kerosene and polish with pumice.

It will save time if you have a good-sized kitchen salt shaker filled with salt and pepper.—Dallas News.

Knocking boards and such things should be kept in a cupboard or some place entirely free from dust.

Buying in large quantities for the household sometimes leads to wasteful use, and is a doubtful economy.

To curry potatoes cut up some cold cooked potatoes in cubes or round pieces and place in a frying pan in which a rub of butter has been melted, with some curry powder dredged into it. Shake the potatoes in the pan until they are thoroughly hot and serve.—Dallas News.

To send wedding presents, arrange as neatly as possible in a plain white box, unless the gift is contained in a fine box of its own, write a friendly note and mention the name of the article sent, says Los Angeles Times. It assists the recipient in knowing just who sent certain gifts, and also in identifying the gifts, as often it is a mystery to know what the article is intended for.

Whatever the fashions may be, there are women who cannot discard the practical shortskirt and they, plus to include at least two or three in their wardrobe in spring and fall. This season waists are included to wear with the street suits, and one of the most important styles is that made of chiffon. Waists may be made of either accordion plaited or plain chiffon, of crepe de chine, mousseline or any of the soft materials. There are some elaborate waists of lace and net combined, then there are dark satins waists for general wear, many of these being worn with dainty, high lingerie collars.

Coddish Delicacies.

From Padlock Yelland recommends these coddish dishes in an article in the November Delicacies.

Coddish Pie—A good substantial dish.

ner dish is this. Have ready one cupful of flaked or shredded fish, two cupfuls of mashed potatoes, two eggs, one-half cupful of milk. Pepper to season. Mix well, using one well-beaten egg. Put into a buttered casserole or low baking dish, spread with the other egg well beaten, and dust with buttered bread crumbs. Bake in a quick oven, slip onto a hot chop dish or leave in casserole, garnish with curled parsley and serve.

Mme. Begue's Coddish Salad—Here are two recipes that I got at a famous creole restaurant in New Orleans last spring when I had dinner in the hostelry:

Take a good piece of coddish that has soaked all night, or use the canned, and set in fresh water on the fire until ready to boil. Place in a strainer, and should there be any fragments of skin or bone, remove. Have some cold boiled potatoes sliced thin, and the coddish, and season with vinegar, oil, black pepper and chopped parsley. Mix slightly and serve. A chopped boiled egg will improve this salad.

Mme. Begue's Coddish with White Beans—One-half pound of large white beans, one large onion, salt to taste, one pound of coddish, soaked and boiled, or one can, one tablespoonful of butter, one tablespoonful of flour, one tablespoonful of chopped parsley. Cook beans with salt and onion until tender. Take from fire and drain. Put a heaping tablespoonful of butter in a pan, add the same amount of flour, stir until blended, but do not let brown. Pour in this the beans and coddish with a little water if necessary, add the chopped parsley and cook a few moments.

Cream of Cod on Toast—Two cupfuls of fish (flaked) simmered in cold water, one cupful each of cream and milk, one tablespoonful of butter, one heaping spoonful of flour, one-half dozen slices of buttered toast, one hard-boiled egg. Blend together the butter and flour and stir into the heated milk and cream and fish. Cook slowly until thickened, add the hard-boiled egg chopped fine, and turn on strips of toast arranged on a hot platter. Scatter a few capers or pickled nasturtium seeds over the top.

Coddish Baked with Cheese—Two cupfuls of flaked fish, one cupful of lightly mashed potato, two eggs, three cupfuls of milk, one-half cupful of butter, one-quarter cupful of grated cheese, two rolled crackers. Mix all well together excepting the cheese, and put in a casserole or baking dish. Beat one egg light, add a little milk and rolled cracker crumbs, spread over the fish and potato mixtures and put on the grated cheese. Bake about half an hour in a steady oven.

A NEWSPAPER OF CHARACTER

Springfield Republican

MASSACHUSETTS

ABLE, INDEPENDENT, READABLE

(Established in 1824 by Samuel Bowles)

Daily (Morning), \$8; Sunday, \$5; Weekly, \$1 a Year

The Republican takes seriously its responsibilities to the public. It appeals for popular support by service that is guided by intelligence and a purpose to inform, assist and incidentally entertain and instruct its readers.

It gathers the news with enterprise and alertness, and presents it in attractive and convenient form. It disdains to employ the style of the circus poster and seeks to make itself typographically pleasing and tasteful.

It is extremely liberal in its provision of reading matter in all of its three editions. Its editorials constitute one of its distinguishing and most valued features. Literature, art, science, education, religion, philanthropy—all receive generous treatment in its columns; likewise agriculture and industry. Special attention is given to the various healthful outdoor sports.

The Weekly Republican is made up with great care for the wide audience outside of the local environment. It is, in fact, a rich weekly magazine sold at a remarkably low price.

Specimen copies sent free on application. The Weekly Republican will be sent free for three weeks to anyone who wishes to try it. All subscriptions are payable in advance. Address:
